

# ABOUT US

Choosing the right care home is one of the most important decisions you can make for yourself or for your loved ones, and it can be one of the most difficult. When visiting a potential care home, it is important to ask as many questions as needed to gain an accurate picture of day-to-day life at the home.

The Connaught Care home is based on the beautiful island of Alderney in the heart of the Channel islands. We are in the centre of St. Anne, where nothing is too far.

The Connaught Care Home and Sheltered Living Accommodation are services with a long history of providing care and support and are essential for the Island's ageing population.

## RESIDENTIAL CARE

There are two admission pathways into The Connaught Care Home for respite and long term residential care which is either as a Private Resident or being assessed as appropriately requiring care and support by Social Services via a social worker assessment.

## DOMICILIARY CARE

Domiciliary Care is a service which provides care and support to Alderney residents in their own homes to enable them to live as independently as possible.

## SHELTERED LIVING

Sheltered accommodation is provided in the Jubilee Home which has 14 single units which can be used for both long term and respite care. The Jubilee provides living accommodation for older adults who wish to live independently but require some support with tasks of daily living.
